

PRODUCT SUMMARY

ConcealFab’s Side Arm Concealment, E6705 is designed to mount and conceal (3) Ericsson 6705 radios on the side of a pole. This product includes our mmWave friendly clearWave™ material and eliminates the need for film to be applied to the face of the radios.

ConcealFab’s 901171 product line can be mounted atop the concealment if a Sub 6 GHz canister antenna is required.
